

Alexandru Daniel Soroiu

Staten Island, NY | (347) - 400 - 9905 | soroiualexandrudaniel@gmail.com | LinkedIn | GitHub | Portfolio

EDUCATION

Wagner College

May 2027

Bachelor of Science, Major in Finance & Computer Science, Minor in Math

Staten Island, NY

- Cumulative GPA: 3.8/4.0
- Thomas Carroll Award for Environmental Sustainability & Dean's List for academic excellence
- Sustainability Secretary – SGA, Conference Assistant, Orientation Leader, and member of the Community Standards Review Board

CodePath

• Certificate of Technical Interview Prep (TIP102) - Focused on data structures, algorithms, and problem-solving strategies for technical interviews

November 2024

• Cybersecurity (CYB101) - Covered core security principles, common vulnerabilities, and defensive strategies

May 2025

Break Through Tech

• eCornell Machine Learning Certificate - Applied supervised and unsupervised learning methods, model evaluation, and deployment techniques to real-world datasets

August 2025

EXPERIENCE

Blue Ridge Labs @ Robin Hood Foundation

May 2025 - Present

Product & Innovation Intern

Brooklyn, NY

- Automated asset management with Zapier, AI, and Airtable, slashing approval lag by 70%
- Enabled no-code CRM enrichment of 2,000+ records by engineering CSV parsing and deduplication logic
- Built a mentor-mentee dashboard with Zapier, Airtable, and Softr, cutting onboarding admin by 60%

Break Through Tech @ Cornell Tech

April 2025 - Present

AI/ML Fellow

New York, NY

- Selected as 1 of 1,000 (from 3,000+), advancing tech equity and industry skills
- Completed intensive Python/ML bootcamp, mastering data cleaning and pipeline development
- Collaborated with peers on ML labs using scikit-learn and real-world datasets

SKILLS

- Programming & Data: SQL, JavaScript, C/C++, Python, NumPy, pandas, scikit-learn, data pipelines
- AI/ML Fundamentals: Supervised/unsupervised models, classification, model evaluation

PROJECTS

Binary Escape | Play Now | GitHub Repo

August 2024

Game Developer & Designer

- Engineered core game logic and level mechanics in JS, HTML, and CSS; managed auth and player data with Firebase Firestore
- Co-led storyboarding, level design, and UI animations; iterated through feedback from test users for improved engagement

ADDITIONAL INFORMATION

- Member of UniFi CAIA Association; completed coursework in valuation modeling, financial statement analysis, and alternative investments | Wall Street Bound Scholar | FirstGenU Career Institute by America Needs You | AT&T Tech Academy
- First-gen and figuring it out one challenge at a time, with grit, heart, and a Google Sheet
- Side passions: donating blood (over 3 gallons!), spontaneous solo travel, capturing sunsets, and trying to make the perfect iced coffee
